3.0 BOARD RESPONSE TO MONITORING

3.1 Board Response to Monitoring Ends 2.1, Part 2, Student Competence

Improvement in 7-year graduation rates for most groups.
Above State average for dual credit enrollment.
4-year college enrollment rate increasing.
Students with IEPs who have graduated have high levels of post-grad engagement.
Demonstrated positive impact of CTE classes.

3. Please note areas for additional improvement.

KB:

Continued growth in our graduation rates. BPS still has lower graduation rates than Bellevue, Shoreline and Olympia (comparable districts). Continue to work with our partners to increase FAFSA/WASFA completion rates.

DB:

As noted in the report, we still have more to accomplish in compensating for the impacts of race, language and socio-economic factors on graduation.

JM:

Continued improvement to close gaps in graduation rates, particularly for students with low incomes, while also recognizing the significant work that has happened in this area, with success.

4. Comments on the report itself.

KB:

Appreciation to all of the work that goes into these Ends reports. The use of graphs and charts really help to tell the story.

DB:

The report has a remarkable depth of data, clearly a great deal of work has gone into the analysis.

Appreciated seeing the individual student comments, this gives a nuance statistical data cannot.

JM:

Appreciate the quotes from graduates who have been part of CTE programs.

pointing out where looks to be a trend vs. acute shift.

5. Possible changes to the policy.

KB:

None.

DB:

“All students will succeed and grow regardless of ethnicity, socio-economic status, English language proficiency or disabilities.” In light of more recent EDI efforts and the broadening of inclusion, should this language be expanded to include other identified groups such as LGBTQ+ for example?

Is there a grammatical problem with 4? Or a missing word?

JM:

None.
